

Inventory of Plans, Reports and References for Miami-Dade County and the South Florida Region as of October 2005

from the year 2000 and later, sorted by topic

Last Updated 4/23/07

With the assistance of its many partners, the Alliance for Human Services researched, compiled, and consulted the reference materials on the following pages to better inform the 2005-2007 Social Services Master Plan for Miami-Dade County. In most instances the documents are specific to Miami-Dade County; when relevant, statewide and regional materials are included also. We believe this inventory is a valuable asset to everyone interested in Building a Livable Community for ALL, and we are pleased to share it with the Miami-Dade community.

We have made every attempt to provide the most recent and comprehensive inventory of resource materials related to health and human services throughout Miami-Dade County and the South Florida region. And, we would like to keep this inventory both current and comprehensive. To that end, we ask for your assistance to:

- (1) identify additional, available resources that we might have missed;
- (2) keep the inventory current with the latest version of these documents;
- (3) grow the inventory with new documents, reports, plans, studies, etc.; and,
- (4) correct any errors in citing the materials, including individual or organization names, addresses, phone numbers and web addresses.

Please contact the Alliance at 305.646.7138 or info@alliance4hs.org with additions and corrections.

The most current version of this inventory is maintained on our website at www.alliance4hs.org/master_plan.htm.
